Premium Wallet Stand Case

Executive Wallet Case For Your Nexus 5

Product Description

The Sonivo Premium Wallet Stand Case is a functional and protective wallet case designed for your LG Nexus 5. Made from a high quality leather like material, your Nexus 5 is protected against any potential knocks, bumps or scratches. On the inside cover, there are two card slots where you can conveniently and safely store your most used credit or ID cards, as well as a slot for a bank note. An integrated stand allows you to position your mobile device at a comfortable angle when watching movies, using mobile apps or reading emails and messages. The case also makes use of the Nexus 5's built in sleep/wake function. Opening the cover will automatically wake the device without the need to press any buttons. As the case is specially designed for the Nexus 5, cut-outs to ports, buttons and features ensure you have full access all areas of your device without the need to remove the case.

Features

- Custom made to fit your device
- Integrated stand feature
- Built in sleep sensor
- Card, note & sim card slot

Fusion Frame Case

Executive Wallet Case For Your Nexus 5

Product Description

SONiVO brings you a well designed & functional case for your Nexus 5. Built from a fusion of materials, the result is a case that offers essential protection to your device, without adding bulk or detracting from the design of your handset. The flexible rubber edges act as a protective and shock absorbent frame, as well as offering better grip of your device & easier handling when putting on or removing the case. The clear rear panel offers wrap-around protection against daily wear & tear while keeping your handset's best featured visible. Easy press button covers & cut outs for all ports, ensure the case does not compromise the functionality of your device. The Fusion Frame case is available in two colours, black and white to match the colours available for the Nexus 5.

Features

- Made from a fusion of two materials
- Toughned outer rim for added protection
- Crystal clear back
- Cut outs to all ports buttons and features
